DOCKET No. 99-00659

Petition of On-Site Systems, Inc.
to amend its Certificate of Convenience and Necessity

On-Site Systems, Inc. ("On-Site") petitions the Tennessee Regulatory Authority ("TRA") to amend On-Site's Certificate of Convenience and Necessity to expand its service area to include a portion of Blount County known as the Townsend Town Square. It is located along old Highway 73, between old highway 73 and U.S. highway 321 in Townsend, Tennessee. (See attached location map.) There is no public sewer located in Townsend. At present, neither Tuckaleechee Utility District, the water supplier for this area, nor the Blount County Government, have any desire to provide sewer service to this area. (See attached letters.)

The proposed service area is comprised of approximately 17 acres.

Respectfully submitted,
